

STUDENT TEACHERS & INTERNS

Student teachers and interns may be accepted or refused by either the principal or the cooperating teacher. Student teachers and interns will be expected to follow all rules and regulations of the Sevier County Board of Education as well as the guidelines of the institution of higher learning in which they are enrolled.

Student teachers and interns will be accorded the same protection of laws as licensed teachers and must observe all duties of teachers as set forth in state statute and State Board Rules and Regulations.

The evaluation of a student teacher will be based upon a joint agreement between the cooperating teacher and the student teacher's supervising professor. The evaluation of an intern will be based upon a joint agreement with the cooperating teacher, the principal, and the intern's supervising professor. If the intern is recommended for or not recommended for apprentice status, the principal must notify the Director of Curriculum and Instruction so that the appropriate paperwork may be forwarded to the State Department of Education.

Student teachers and interns may be asked to terminate their service upon mutual consent of the principal, the cooperating teacher, and the supervising professor at any time during the term.
