

## EMPLOYEE I.D. CARDS

The Sevier County Board of Education recognizes the need for safety and security. Therefore, the Board authorizes the issue of photo I. D. cards/badges to all Board employees. The card/badge will be visibly worn at all times when on campus for school and school related activities. The card/badge entitles the employee admission to any regularly scheduled, school sponsored event at any school in the system. This includes regularly scheduled athletic contests, class plays, etc. Special events such as dinners, certain shows, state playoff games, etc. are not included.

The card/badge is the employee's official Sevier County School System identification and the card/badge remains the property of the Board. When employment is terminated, the card/badge will be returned.
