EVALUATION OF INSTRUCTIONAL PROGRAM

The purposes of evaluation of instruction will be:

1. To indicate instructional strengths and weakness;
2. To provide information needed for future planning;
3. To provide data for public information;
4. To show the relationship between achievement and system's stated goals; and
5. To assess the suitability of the instructional program in terms of community requirements.

A continuing evaluation will be conducted at the school and system levels. The needs indicated will be addressed in system and school improvement programs.
